UN-SWAP 2.0 PERFORMANCE BY INDICATOR (2022-2021)

PERFORMANCE HIGHLIGHTS IN 2022

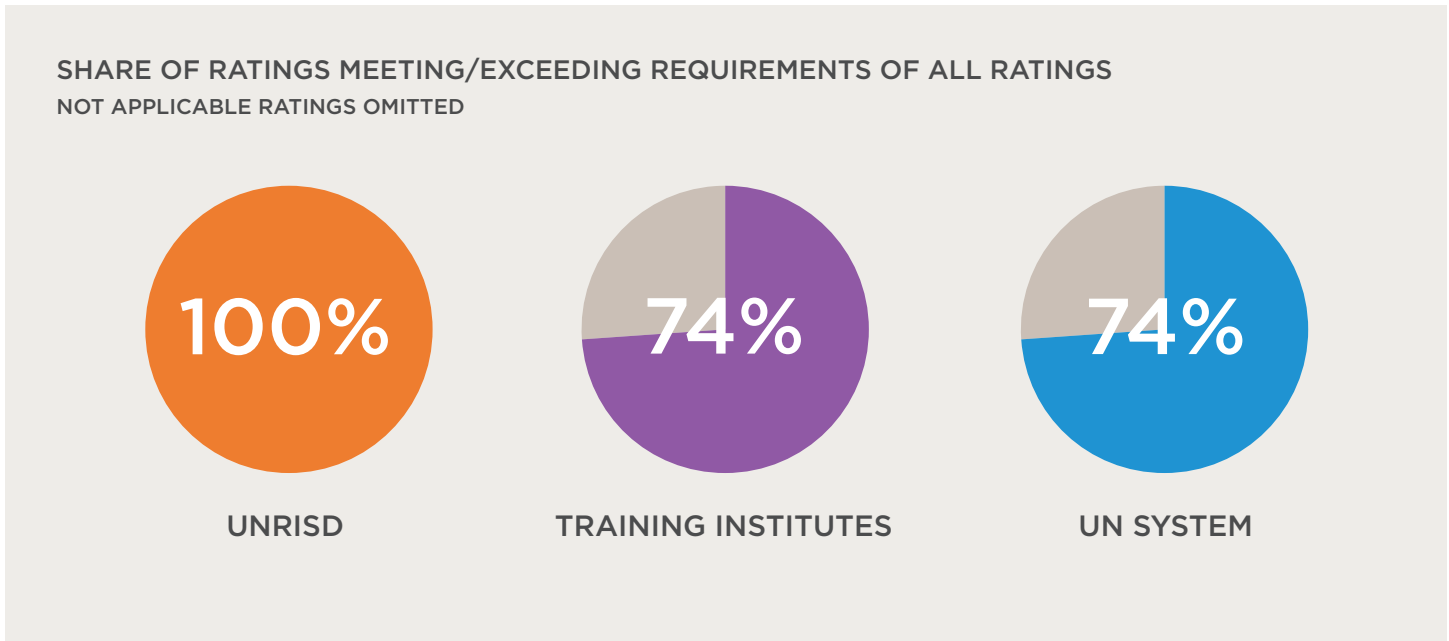

Most significant gains

- In 2021, UNRISD exceeded requirements for 12 indicators and met them for one indicator.
- UNRISD exceeded requirements for the performance indicators on Coherence, Gender responsive performance management and Capacity development for the first time.

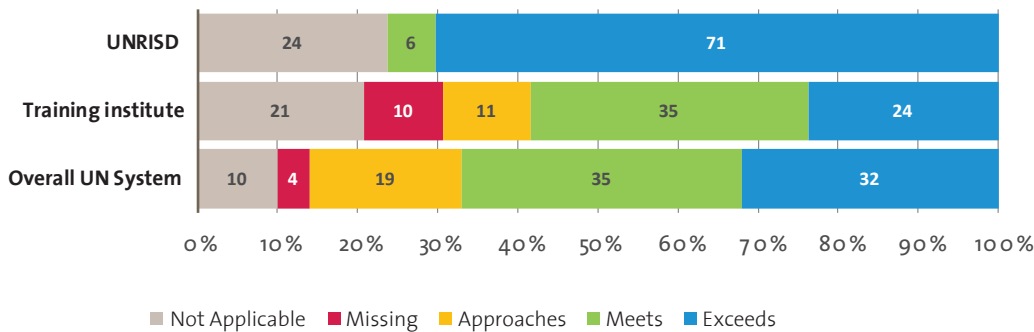

Areas for improvement

- UN Women recommends reconsidering the applicability of the Capacity assessment indicator.

COMPARATIVE ANALYSIS FOR UNRISD

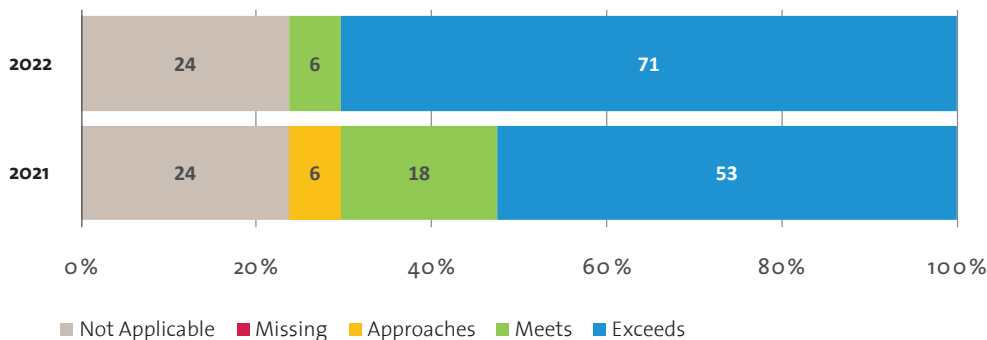

COMPARISON WITH THE TRAINING INSTITUTES AND THE OVERALL UN SYSTEM

In 2022, UNRISD met or exceeded all applicable indicators, surpassing the average results of similar entities and of the overall UN system.

While UNRISD did not miss any indicators, the entity rated more indicators than average as not applicable.

UNRISD, COMPARATIVE ANALYSIS OF RATINGS BY YEAR

UNRISD built upon the previous year's strong performance by improving performance on three additional indicators and bringing all applicable indicators to UN-SWAP 2.0 compliance.

UN Women encourages UNRISD to ensure accountability across as many performance areas as possible by reconsidering the applicability of indicators currently rated as not applicable.
