- Ensure the implementation of the gender perspective transversely.
- Global indicators
- Promote new arenas for common targets – UN System in action

**LAC Region**

- Define regional 2030 Agenda
- Adapting the global indicators
- Strength South-South cooperation on SDG agenda
6 | MAIN CHALLENGES

National

- All of the processes have to be a participatory exercise – No One left Behind needs All of us (international and national agreement)

- Define national and regional SDG targets and indicators with a gender perspective: not a silo.

- A new national context under a preestablished institutional framework:
  - Regional Development Plans - corresponsability (114 out of 169 targets)
  - Peace Agreements (50 out of 169 targets).
