  - Improved visibility of the internal reporting mechanism of wrongdoing and awareness of staff responsibilities through training and corporate communications

- In the two investigation cases during 2016: one resulted in no loss to UN Women; in the other, UN Women took administrative, financial recovery and accountability action

- Senior management will continue to work closely with the Office of Audit and Investigations to ensure timely reports and relevant management action in all cases
As proposed in the 2018-2019 Integrated Budget

- Establishment of In-house Internal Audit function
- Outsource Investigation function to the UN Office of Internal Oversight Services (OIOS)
