Sweden’s prioritization of regular resources to UN Women contributed to...

The adaption or amendment of 72 laws too strengthen women’s rights in 61 countries, with a combined population of nearly 1.6 billion women and girls.

In 2018, eight Informal Expert Group meetings on women, peace and security were conducted with the Security Council. In 2018, 72 per cent of all decisions adopted by the Security Council contained explicit references to women, peace and security issues.

Nine countries, with a combined female population of over 168 million, adopted policy frameworks for women’s economic empowerment.

Between 2011 and 2018, Sweden provided USD 102.49 million to UN Women’s regular (core) resources contributing to, among several actions, normative engagement with and within Member States to create, update and implement legislation which is gender equal.

Sweden’s support to specific programmes resulted in...

Technical support provided for the establishment and operation of Zimbabwe’s Gender Commission. Further technical support to government agencies on gender mainstreaming across a variety of sectors — trade unions, tourism, mining and banking.

The promotion of gender balance and female political leadership in a violence-free context, in Somalia, leading to a 10 per cent increase of women in both houses of parliament and the adoption of a national development plan with a specific section on gender.

UN Women supported the Government of Bangladesh, external partners and six districts to development a National Resilience and Disaster Management Programme with a gender perspective to account for the needs of vulnerable communities impacted by natural disasters.

Other resource contributions of USD 179.09 million have allowed UN Women to strategically focus on disaster planning and humanitarian action, women’s political leadership and participation, and peace and security.
