The audit was undertaken on behalf of the Office of Audit and Investigations (OAI), United Nations Development Programme (UNDP).

1.1 Project Background

With generous financial support from the Government of the Republic of Korea through the Ministry of Foreign Affairs, the United Nations Entity for Gender Equality and the Empowerment of Women (UN Women) launched a project "Government of Afghanistan Implements Legal Frameworks Combating and Preventing Violence against Women and Girls in Coordination with Civil Society" (project 89141).

The overall goal of the initiative is to support the Government of Afghanistan to fulfil its key national and international commitments and obligations on combatting and preventing violence against women and girls. The expected outcome falls under impact 3, "Women and girls live a life free of violence".

The project contributes to the Afghanistan Country Office Strategic Note 2014-2017 Development Results Framework (DRF) Outcome 3.1: Government of Afghanistan implements legal frameworks combating and preventing violence against women and girls in coordination with civil society.

1.2 Audit Objective

The objective of the financial audit is to express an opinion on the project's financial statements which include:

- a) Expressing an opinion on whether expenditure incurred by the project for the period from January 01, 2016 to December 31, 2016 and the funds utilization as at December 31, 2016 are fairly presented in accordance with UN Women accounting policies and that the expenses incurred were: (i) in conformity with the approved project budgets; (ii) for the approved purposes of the project; (iii) in compliance with the relevant regulations and rules, policies and procedures of UN Women; and (iv) supported by properly approved vouchers and other supporting documents.
- b) Expressing an opinion on whether the statement of fixed assets presents fairly the balance of assets of the UN Women project as at December 31, 2016. This statement includes all assets available as at December 31, 2016 and not only those purchased in a given period. Where a DIM project does not have any assets or equipment, it will not be necessary to express such an opinion.

- c) As may be applicable, provide the progress made in implementing the recommendations raised in a previous year audit report.

The Financial Audit was conducted in accordance with the International Standards of Auditing (ISA), the 800 series.

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those provisions and standards are further described in the auditor's responsibilities for the audit of the Project Expenditure Trial Balance section of our report. We are independent of UN Women in accordance with the International Ethics Standards Board of Accountants' Code of Ethics for Professional Accountants (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with this code. Responsibilities of Management for the Project Expenditure Trial Balance

Management is responsible for the preparation of the Project Expenditure Trial Balance, and for such internal control as management determines is necessary to enable the preparation of the Project Expenditure Trial Balance that is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for audit of the Project Expenditure Trial Balance

Our objectives are to obtain reasonable assurance about whether the Project Expenditure Trial Balance is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these documents.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Project Expenditure Trial Balance, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
