Join us for an informal briefing on UN-Women's role in advancing gender parity across the United Nations, milestones made so far, and hear from key stakeholders on how to accelerate progress to reach parity by 2028.

This informal briefing will provide an overview of recent achievements in the UN System, including the creation of the [Field-specific Enabling Environment Guidelines](#) as well as [the UN System-wide Dashboard on Gender Parity](#) that was jointly developed and launched by UN Women and UNDP in 2021, in support of the Secretary-General's System-wide Strategy on Gender Parity.

UN-Women continues to leverage its coordination mandate in support of efforts to achieve gender parity and create enabling working environments.
