The following two pages capture UNOV/UNODC’s performance on UN-SWAP 2.0 indicators for 2021.

In 2021, UNOV/UNODC met or exceeded the requirements for 13 performance indicators out of 16 applicable.
Most significant gains

- In 2021, UNOV/UNODC exceeded the requirements for eleven indicators and met them for another two indicators.

- UNOV/UNODC has made significant progress in several areas, newly exceeding requirements for Strategic Planning and Reporting on gender-related SDG results, Evaluation, Gender-responsive performance management and Organizational culture.

Areas for improvement

- Three indicators remain as approaching requirements: Financial resource tracking and allocation, as well as the Equal representation of women. Focusing on these three areas will position UNOV/UNODC for full compliance during the current UN-SWAP implementation period.

* Performance Indicator 5 on Audit is jointly reported for all UN Secretariat entities by OIOS.
In 2021, UNOV/UNODC continued to achieve a slightly higher compliance rate than the UN Secretariat as a whole and the overall UN System. In 2021, UNOV/UNODC achieved its strongest performance since the beginning of UN-SWAP 2.0 implementation in 2018.
