Item 2
Strategic Plan

The Executive Board will be presented with the United Nations Entity for Gender Equality and the Empowerment of Women (UN-Women) Strategic Plan 2018-2021. The Strategic Plan 2018-2021 articulates UN-Women's priorities and approaches in support of achieving gender equality and the empowerment of women and girls. It underscores the integrated nature of UN-Women's role in normative support, UN coordination and operational activities, as defined by its founding resolution, and outlines how these three pillars are interdependent and mutually reinforcing in support of results for women and girls.

The Strategic Plan 2018-2021 is founded on key intergovernmental norms and standards and supports the full, effective and accelerated implementation of the Beijing Declaration and Platform for Action and contributes to the gender-responsive implementation of the 2030 Agenda for Sustainable Development. It is also guided by the recommendations and agreed conclusions of the Commission on the Status of Women (CSW) and other relevant intergovernmental outcomes. Orientation for the plan is provided by the General Assembly resolution 71/243 on the Quadrennial Comprehensive Policy Review (QCPR) of operational activities for the UN system. The plan reflects lessons learned in implementing the Strategic Plan 2014-2017, conclusions from its midterm review and recommendations from independent evaluations and external assessments.

Item 3
Financial, budgetary and administrative matters

The Executive Board will consider the integrated budget estimates for the biennium 2018-2019. The budget is the financial plan that allows the organization to have the financial and institutional capacity to achieve the results of its Strategic Plan, and covers all cost categories and funding sources, both regular and other resources, within a single, consolidated proposal. The integrated budget for the United Nations Entity for Gender Equality and the Empowerment of Women (UN-Women) is grounded in results-based management principles and aligned with the integrated results framework of its Strategic Plan. In order to deliver on the integrated results framework, UN-Women will continue to engage Member States and other partners, in particular to increase regular resources, the bedrock of its activities, as underscored in the quadrennial comprehensive policy review.

The Executive Board will also be presented with the management response to the report of the Advisory Committee on Administrative and Budgetary Questions.
