- + UN SWAP Evaluation Performance Indicator

## NATIONAL EVALUATION CAPACITIES

### Partnerships

- + Leveraging partnerships for promoting gender-responsive evaluations in EvalGender+

### Capacity Building

- + Supporting gender-responsive national M&E systems in selected countries

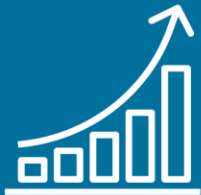

## CONCLUSION

### Achieving KPIs

Progress against the 9 KPIs maintained at a high rate.

Majority of evaluations performed well against the quality standards.

### Prompting Change

Evaluations generated knowledge on a range of thematic and organizational effectiveness and efficiency areas.

UN Women's management remained committed and increased uptake of lessons and recommendations reported.

### Influencing systems for GEWE

Collaboration enhanced with other UN agencies on joint and UNDAF evaluations.

System-wide gender responsive evaluation intensified through UNEG.
