UN-SWAP 2.0 PERFORMANCE BY INDICATOR (2018-2019)

PERFORMANCE HIGHLIGHTS IN 2019

Most significant gains

- In 2019, the UN Global Compact met 7 and exceeded 5 out of the 17 performance indicators on the UN-SWAP 2.0. The UN Global Compact's commitment to gender equality is commendable.
- Furthermore, performance on Gender-Responsive Performance Management has increased from meeting to exceeding requirements.

Areas for improvement

- Although the UN Global Compact's 2019 performance remains significantly above average, the ratings for Reporting on Gender-Related SDG Results and Policy have decreased from meeting to missing requirements. Reporting on the yearly gender work carried out by the entity, as well as ensuring that up-to-date policies guide and support the implementation of the UN Global Compact's work are essential elements in maintaining and furthering progress.
