UN-SWAP 2.0 PERFORMANCE BY INDICATOR (2018-2019)

PERFORMANCE HIGHLIGHTS IN 2019

Most significant gains

- There has been great progress in UNCDF's overall performance on the UN-SWAP 2.0 in 2019. It is noteworthy that the Financial Resource Tracking and Allocation indicators are now being met, reflecting UNCDF's growing commitment to gender work through the prioritization of essential resources for gender, which remains the greatest challenge for most entities.
- Furthermore, and for the first time, UNCDF has exceeded requirements for one indicator, Knowledge and Communication.

Areas for improvement

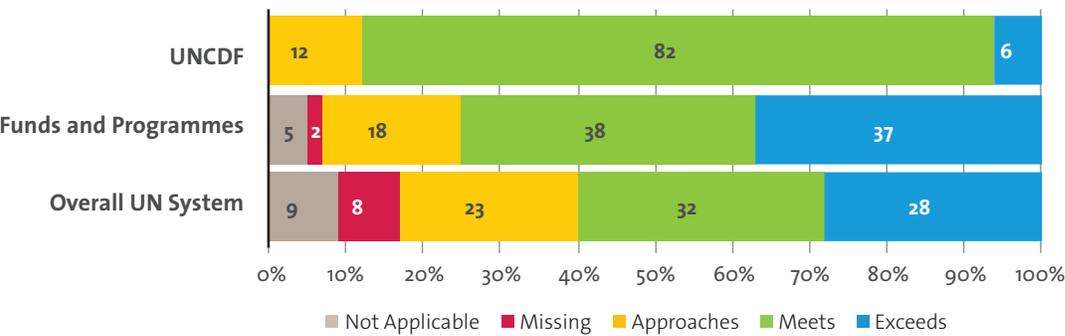

- UN Women encourages UNCDF to focus efforts on the only two indicators that approached requirements: Equal Representation of Women and Capacity Assessment.
