

Our time, our right:

# WE WANT ECONOMIES THAT WORK FOR WOMEN!

**NOT IN EDUCATION, EMPLOYMENT OR TRAINING:  
31% OF YOUNG WOMEN, 16% OF YOUNG MEN**

## WHAT DO WE HAVE?

**Gender gaps in labour force participation and pay**, insecure and unstable jobs, glass ceilings, job segregation, a disproportionate share of unpaid care work.

## WHAT DO WE WANT!

**Turn informal jobs into secure work** so that 740 million women are protected by essential labour rights. Bring more women into non-traditional jobs, such as in technology—and more men into the care professions. Expand childcare and long-term care services, because these concern everyone, not just women. And while we're at it: retool macroeconomic policy to guarantee full employment and decent work for women.
