

# WOMEN DELIVER— AND NOT ONLY BABIES

## HOW TO MAKE THE SDGs MATTER MOST FOR GIRLS AND WOMEN

# INVITATION

Girls and women are drivers of development and powerful agents of change. If the Sustainable Development Goals (SDGs) are going to transform our world, then it is critical that the health, rights and wellbeing of girls and women are at the heart of implementation strategies.

Please join us for a high-level, cross-cutting discussion on the implementation of the SDGs so they matter most for girls and women.

The event will also build the bridge to the upcoming Women Deliver Conference in May 2016 in Copenhagen, which will be the world's largest conference on girls and women in more than a decade.
