

FAMILIES ON THE MOVE

A conference on migration,
gender and family relations

UN Women and NYUSPS Center for Global Affairs invite you to a conference that examines how migration shapes and transforms families.

In an age of unprecedented human mobility within and between countries, this multi-disciplinary conference will bring together scholars from across the world to examine how gender and generational relations within families are (re)defined and (re)negotiated in response to migration.

The conference will inform the 2018 edition of UN Women's flagship report, *Progress of the World's Women: Families in a Changing World*.
