Gender equality is possible and it is happening right now. Through women's organizations and government entities, in partnerships and coalitions, the Fund for Gender Equality is bringing about high impact, rapid changes in lives and communities all around the world. It is empowering women to exercise their voices and influence in political spheres, and to compete in and transform the economic markets around them.

# More than ever, women are engaging as full members of the societies they live in and leading the development of their countries.

The Fund for Gender Equality constitutes one of the world's largest grantmaking funds advancing the cause of women's equality globally. The Fund has proved itself an agile vehicle for supporting national gender advocates, quickly becoming known for high impact and sustainable results benefitting diverse groups of girls, women, and the communities they live in.

The Fund for Gender Equality is focused on results in one of the following two goals: women's economic empowerment or women's political empowerment. Grants are designed as large, multi-year investments to encourage long-term planning, partnerships with other stakeholders and synthesis with existing infrastructure and systems.

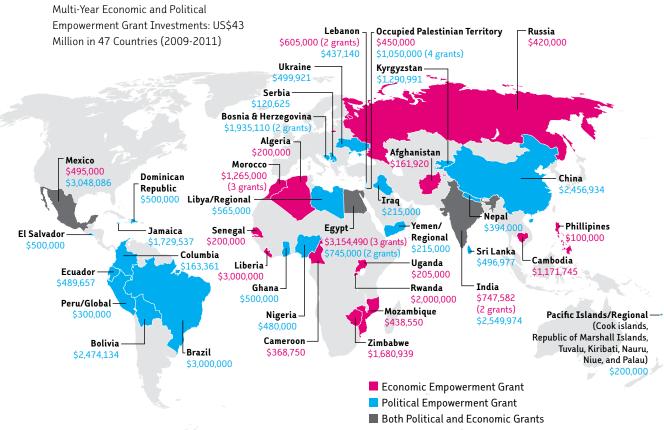

The Fund for Gender Equality is Global in Scope and Reach

In only three years, the Fund has invested USD \$43 million in support of 55 grantee partners in 47 countries with impact and results.

In 2011 alone, the Fund reached some 4.8 million beneficiaries: improving women's living and work conditions; enhancing business skills and opportunities; strengthening political participation and leadership; and supporting gender-responsive legislative and policy changes. To date, grantees in 12 countries have contributed to over 24 legislative and policy changes in support of gender equality.

In the pages that follow, learn about some of the impacts from the programmes supported by the Fund for Gender Equality.

#### UN WOMEN'S FUND FOR GENDER EQUALITY

## Women's Political Empowerment

Work to advance political empowerment includes the following three sub-themes: electoral politics, women's leadership and legislative and policy change.
