**2030 Agenda for Sustainable Development**

- ☐ Civil society organizations
- ☐ Women's rights organizations
- ☐ Academia and think tanks
- ☐ Faith-based organizations
- ☐ Parliaments/parliamentary committees
- ☐ Private sector
- ☐ United Nations system
- ☐ Other actors, please specify.....

**b) Do you have mechanisms in place to ensure that women and girls from marginalized groups can participate and that their concerns are reflected in these processes?**

**YES/NO**

*Please provide further details about the mechanisms used. (2 pages max.)*

**c) Please describe how stakeholders have contributed to the preparation of the present national report.**

**35. Is gender equality and the empowerment of all women and girls included as a key priority in the national plan/strategy for SDG implementation?**

☒ **Yes**

☐ No

☐ There is no national plan/strategy for SDG implementation

*Please explain.*

## Section Four: Data and statistics

### **36. What are the top three areas in which your country has made most progress over the past five years when it comes to gender statistics at the national level? (please check relevant categories)**

- ☐ Promulgated laws, regulations, or statistical programme/strategy setting out the development of gender statistics
- ☒ Established an inter-agency coordination mechanism on gender statistics (e.g., technical working group, inter-agency committee)
- ☒ Used more gender-sensitive data in the formulation of policy and implementation of programmes and projects
- ☐ Re-processed existing data (e.g., censuses and surveys) to produce more disaggregated and/or new gender statistics
- ☐ Conducted new surveys to produce national baseline information on specialized topics (e.g., time use, gender-based violence, asset ownership, poverty, disability)
- ☐ Improved administrative-based or alternative data sources to address gender data gaps
- ☐ Produced knowledge products on gender statistics (e.g., user-friendly reports, policy briefs, research papers)
- ☒ Developed a centralized web-based database and/or dashboard on gender statistics
- ☐ Engaged in capacity building to strengthen the use of gender statistics (e.g., trainings, statistical appreciation seminars)
- ☐ Other

*Please provide details of up to three concrete examples of measures taken, including aims and scope of measures taken, budget, impact evaluations, lesson learnt, and links to further information. Please also provide information about actions for specific groups of women and girls, such as those listed in question 3. Where relevant and possible, please provide data to support your responses. (2 pages max.)*

### **37. Out of the following which are your country's top three priorities for strengthening national gender statistics over the next five years? (please check relevant categories)**

- ☐ Design of laws, regulations, or statistical programme/strategy promoting the development of gender statistics
- ☐ Establishment of an inter-agency coordination mechanism on gender statistics (e.g., technical working group, inter-agency committee)
- ☐ Use more gender-sensitive data in the formulation of policy and implementation of programmes and projects
- ☐ Re-processing of existing data (e.g., censuses and surveys) to produce more disaggregated and/or new gender statistics
- ☐ Conduct of new surveys to produce national baseline information on specialized topics (e.g., time use, gender-based violence, asset ownership, poverty, disability)
- ☐ Greater utilization and/or improvement of administrative-based or alternative data sources to address gender data gaps

- ☐ Production of knowledge products on gender statistics (e.g., user-friendly reports, policy briefs, research papers)
  - ☐ Development of a centralized web-based database and/or dashboard on gender statistics
  - ☐ Institutionalization of users-producers' dialogues mechanisms
  - ☐ Statistical capacity building of users to increase statistical appreciation on and use of gender statistics (e.g., trainings, statistical appreciation seminars)
  - ☐ Other
- To develop national gender statistics over the next five years, three top priorities have been set:
  - 1. Expanding and developing administrative or alternative data sources to bridge gaps in gender data (specifically, on violence against children, gender mainstreaming in agriculture and transport, geospatial data, including price statistics, environmental and agricultural statistics);
  - 2. Generating accessible information products on gender statistics (through development of user-friendly publications, better access to websites of governmental agencies and organizations to official analytical reviews, scientific articles and national statistical reporting).
  - 3. Improving statistical skills of users to promote the statistical assessment of gender statistics and its use (through enhanced statistical literacy of non-governmental organizations, the media and governmental agencies).

*Please provide a brief explanation and examples of your plans (2 pages max.).*

### **38. Have you defined a national set of indicators for monitoring progress on the SDGs?**

- ☐ Yes
- ☐ No

**If YES, how many indicators does it include and how many of those are gender-specific<sup>1</sup>?**

**If YES, how many of the gender-specific indicators are additional country indicators (i.e., not part of the global SDG monitoring and indicator framework)?**

*Please provide the indicators in an annex*

**If NO, how many global gender-specific SDG indicators (list provided in Annex 1) are available in your country?**

*Please provide the indicators in an annex*

### **39. Has data collection and compilation on SDG 5 indicators and on gender-specific indicators under other SDGs begun?**

- ☐ Yes

---

<sup>1</sup> The term 'gender-specific indicators' is used to refer to indicators that explicitly call for disaggregation by sex and/or refer to gender equality as the underlying objective. For example, SDG indicator 5.c.1 captures the percentage of countries with systems to track public allocations that are directed towards policies and programmes that promote gender equality—the underlying objective is the promotion of gender equality. The term is also used for indicators where women and girls are specified within the indicator as the targeted population (see UN Women. 2018. *Turning Promises into Action: Gender Equality in the 2030 Agenda for Sustainable Development*. New York).

☐ No

**If YES, please describe which indicators have been prioritized**

**If NO, explain the main challenges for collecting and compiling data on these indicators**

**40. Which of the following disaggregations<sup>2</sup> is routinely provided by major surveys in your country?**

- ☐ Geographic location
- ☐ Income
- ☐ sex
- ☐ Age
- ☐ Education
- ☐ Marital status
- ☐ Race/ethnicity
- ☐ Migratory status
- ☐ Disability
- ☐ Other characteristics relevant in national contexts
